

Re: Deer Creek HOA Community Garden Project

The Deer Creek HOA Board is pleased to continue the community garden project for 2025, our 4th season. The project will offer individual 20' x 20' garden plots for the use of residents who are members in good standing of the Deer Creek HOA or the Deer Creek Highlands HOA. The project is located on a parcel of land owned by the HOA situated northeast of 126th and Military. Besides the individual garden plots, off street parking is provided as well as a bank of hose bids for watering the garden plots. Ultimately, the garden project could contain over 100 individual garden plots.

The HOA will incur costs for the operation and maintenance of the gardens and therefore an annual fee will be charged per garden. Costs to the HOA will include mowing the walkways and perimeter, tilling the plots in the spring, MUD water charges, compost handling and maintaining the parking area. The HOA Board has set \$150.00 as the annual garden rental fee.

A map is attached showing the plots rented last year.

If you are interested in renting a garden plot, please indicate that by filling in the information below and return. **DO NOT SEND RENTAL MONEY AT THIS TIME.** Rents will be collected after you are notified that you have been assigned a garden plot.

YES, I WOULD LIKE A GARDEN PLOT FOR THE **2025** SEASON.

Desired Plot Number (last year’s renters will be given first chance to rent the same plot this year)
